PRESSING FORWARD TOWARD PERONNE

French and British are Now Aiming
to Capture the Key Point of
the Somme Front

(Associated Press)
London, Oct. 19.—Paris announces that the French are pursuing closing operations on Peronne on the Somme front by continued pressure south-west of the town between Baches and La Maissonette, on the opposite bank of the river, after carrying the entire German first line on this sector yesterday. They withstood all counter attacks and extended their gains, the announcement states.

RUSSIANS HOLD THEIR GROUND

Petrograd reported spirited fighting in Volhynia. East of Vladimir Volynski the Russians are said to have repulsed several attacks.

MAKING PROGRESS IN MACEDONIA

Despite notably unsettled conditions in Greece, which apparently had a tendency to delay determined pushing of entente operations on Macedonian front, a fresh, successful attack by French and Serbian troops is reported. Paris announced the Serbians have retaken Brod in the Cerna river region, southeast of Monastir, which the Bulgarians recently recaptured. A delayed report from Sofia declared attacks in the Cerna region failed.

INDICATES AN OFFENSIVE

Interest is attached to possible developments in the Vardar region at the center of the Macedonian front. Little but artillery activity has been reported there recently. A Paris announcement last night that entente forces had captured hostile trenches a quarter of a mile deep indicated the possibility that a heavy entente offensive may be extended there.

TIDE HAS TURNED

A Bucharest dispatch announces that the Rumanians are driving the Teutons back in Transylvania.

SERVICES AT CHRISTIAN CHURCH SUNDAY

As the sequel to correspondence by the official board on behalf of the Broadway Christian church, the Rev. C. E. Wyatt is expected to reach Ocala from Louisville, Ky., the latter part of the week to remain over two Sundays.

Mr. Wyatt is a young man, well equipped for service and with some years of active pastoral work to his credit. He comes to us very highly recommended, and should the outlook and other conditions be mutually agreeable, Mr. Wyatt may remain and enter at once into his duties as minister.

The public is cordially invited to hear Mr. Wyatt preach on the next two Sundays at the usual hours.

Mr. J. C. Lee and friends of Leesburg were in town visiting the orange groves this week. Mr. Lee gives us the compliment of having some of the most beautiful orange groves that he ever saw and that is saying a great deal for our community, as Mr. Lee was raised in and around orange groves. He certainly ought to know, and we are glad we are holding the name we have had for years, that the most beautiful groves are found around Lake Weir.

So far as the Star knows there has been no move made in this direction in Ocala. Syrians, however, are as much entitled to assistance as any other people; probably more than some, as many of them have settled in Ocala and made good citizens.

WACAHOOA

Wacahoota, Oct. 18.—The weather still continues warm and dry. We would be glad to see a shower on the young vegetables.

Rev. Williams of Micanopy preached an interesting sermon at the M. E. church Sunday afternoon. He was accompanied from Micanopy by Mr. Roberts.

Mr. Neal Mathews of Flemington attended services here the second Sunday afternoon.

Quite a large crowd met at the home of Mr. and Mrs. V. P. Smith Thursday, Oct. 12, to celebrate the 84th birthday of Mrs. J. Porter Smith. Despite her eighty-four years, Grandmother Smith, as she is called, enjoys moderately good health and was able to be out with the guests and to enjoy all the pleasures of the day. At noon dinner was served on the lawn, under the large oak tree, and the long table was full of overflowing with all the dainty viands that thrifty housewives can cook. In the center of the table was an immense square angel food cake and was baked to hold 84 candles. Mrs. Smith was the recipient of a number of lovely gifts. Those from a distance were Mrs. B. C. Bauknight of Jennings, Ga., Mr. and Mrs. C. C. Pedrick of Gainesville, Mrs. Ada Marsh of Johnson, S. C., Mrs. James Wilson and Mrs. Isom of Spartanburg, S. C., Mr. and Mrs. B. F. Rawls of Montbrook, and Mrs. James Bauknight of Gainesville, who were detained at home. All left at a late hour wishing Mrs. Smith all good wishes and hoping to spend such a pleasant day with her again.

For the First Time in Four Months, There was Not a Single New Case Reported Today

(Associated Press)
New York, Oct. 19.—There was not a single infantile paralysis death in the city reported today for the first time since the last week in June, when the epidemic began. The total number of deaths since then is 2375. Six new cases were reported today.

BELLEVIEW

Bellevue, Oct. 18.—Ghosts and goblins will parade in and around the town hall Tuesday evening, Oct. 31. The devil will be there also. All come and join in the fun. There will be laughter by the ton. The proceeds will go to the cemetery association. All of this and more too will happen under the able direction of Mrs. R. L. Sumner, who has charge of the affair.

Have you seen George? Nearly every one has, and all seem glad to greet him. If you don't know who I mean, I refer to Mr. George Newlands, the advance guard of our winter visitors, who dropped in on us last Thursday, wearing his perennial smile and stated that the folks are coming down this line.

To take care of the ever increasing business of the town, and for other purposes, another grocery store has been opened and is doing business in the Masonic temple store room under the hustling management of Mr. Rexford H. Nichols.

Two years ago there were five stores; two months ago there was one store and today there are three stores doing business in hustling little Bellevue. This does not include the Oasis, which dispenses ice cream, soda water, candy, bread, cakes and can goods. The Oasis goes on forever.

Councilman H. A. Kendall came up from Wildwood last Tuesday for the purpose of attending a council meeting that same night. At this meeting a brand new safe was ordered.

Mr. W. A. Faeger of Polk county, has bought a piece of land in the south end of town and has leased the Kilpatrick home, and will make his home with us in the future.

Mrs. True Whittier has returned from a visit to friends at Eustis.

After spending several weeks visiting with Mr. and Mrs. S. G. Thomas, Miss Dessie Ritter has returned to her home at Sydney.

Mr. John T. Moore of Ocala and Tampa was chatting with his friends in Bellevue last Tuesday morning.

Mrs. O. M. Gale very pleasantly entertained the Methodist thimble party Tuesday afternoon.

At the last dance given at the club house, Mr. T. E. Jackson of Jacksonville left his car in front of the club house. Before starting his car, he noticed something wrong and upon investigation found a twenty-penny spike driven into one of his tires. Thinking it merely a pick up, he repaired it and went on his way.

The following night, being Saturday, he left his car in the yard in the rear of the Bellevue Trading company. Upon getting ready to leave for his abode, he found one of the rear tires flat. Thinking it merely a leak he pumped it up and went home. In the morning he found a twenty-penny spike driven in the tire. In both instances the spikes were brand new, and had never been used. These two complaints, taken in connection with similar ones that have come to us from time to time in the past are not conducive to a friendly feeling from outsiders who visit our little town on pleasure, business or otherwise.

Mr. John G. Baker of the Pedro section, with his son was in town last Tuesday morning with an Overland car that they had just driven down from Jacksonville the previous day.

Mr. R. L. Sumner and Rev. S. W. Whidden took a little joy ride to Ocala last Monday afternoon.

We are now making 5, 6 and 10 cent loaves of bread and advise the use of the latter size. Carter's Bakery. 1f

SUB'S LOSS CONCEDED

An Unknown Fate Overtook the Bremen "Somewhere in the Atlantic"

(Associated Press)
Washington, Oct. 19.—The loss of the German merchant submarine Bremen is virtually conceded by Teutonic diplomats familiar with the vessel's movements. They know she left Bremerhaven and should have reached America about the middle of September, but are without information of her fate.

IN MEMORIAM

"Little Alberta is gone." There are the words on our lips today, for once more God has sent his death angel into our midst and taken one of our sweetest flowers—little Alberta McLucas.

She has left behind her a darkened home, where once she was the light. She has left a silent home where once she was a very song bird, with her baby prattle, making music all the day. She has left father and mother with bleeding hearts; she has left little brother without his dearest playmate, but our loss is her gain, and today she is free from suffering and happy with the angel band.

As we stood beside the casket and looked at her little form, surrounded and covered, as it was, by the sweet fragrant flowers she so loved, we heard a friend express our thoughts in the words, "She looks so like an angel." And to the sorrowing parents we say, she is not dead but just asleep. Today you have one more tie to bind you to heaven, one more little hand from the gateway is beckoning. Dear loved ones, let us bow our hearts in humble submission to His will, knowing God doeth all things well.

MOVING PICTURE FEATURES

Everybody who saw Marguerite Clark in "Gretna Green," at the Temple last night, was well pleased. The play was particularly well fitted to the talent of that bright little movie star.

"Her Father's Son," which is shown at the Temple tonight, has been most highly complimented wherever it has appeared. Vivian Martin, a universal movie favorite, is the leading lady in this play.

DEATH OF AN AGED LADY

DUNNELLON

Dunnellon, Oct. 18.—At its recent meeting the Dunnellon Democratic Club passed the following resolution: "Whereas, the democratic party on the 6th day of last June held its primary election, and through its regular channels, i. e., inspectors of election, county canvassing boards, and state canvassing board, nominated its national, state and county candidates, and

"Whereas, the courts of the state through the machinations of unscrupulous politicians have technically set aside the verdict of the democratic voters as regards the nomination for governor, and

"Whereas, S. J. Catts, the regular democratic nominee for governor, has been nominated by another party and he has accepted the nomination in order to get his name on the ticket; be it

"Resolved, that we, the members of the Democratic Club of Dunnellon, endorse the nomination of S. J. Catts, the rightful nominee of the democratic party, and do everything we honorably can to secure his overwhelming election at the coming general election in November, thereby for all time showing the world that we will not submit to wrong when it is wrong, and will not be dictated to by the servants of the people when they assume the role of masters."

HOW CATARRH IS CONTRACTED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

HURRICANE REAPED A SCANTY HARVEST

After Shaking Up the Gulf Coast, It is Wreaking Its Wrath on the Inland

(Associated Press)
Mobile, Ala., Oct. 19.—With the hurricane which swept Southern Alabama and Western Florida yesterday subsiding, a casting up of the damage showed property loss comparatively small. The total damage at Mobile and Pensacola, which felt the full force of the storm, will probably be not more than one hundred thousand dollars. There was one death in each city.

The storm swept toward Indiana today with decreased intensity. It will move rapidly northeast again increasing in force, weather bureau reports said.

POUNDED PENSACOLA

Pensacola, Oct. 19.—Several vessels in the harbor were sunk and numbers of small craft suffered damage and one life boat was lost in the terrific tropical hurricane which struck here yesterday.

The wind at one time reached a velocity of one hundred and fourteen miles per hour. Property damage is confined chiefly to roofs blown off and plate glass windows destroyed.

Reports from the navy aeronautic station here said that it had escaped with comparatively little damage. The newly completed permanent hangars withstood the storm in good shape. In Pensacola several persons were hurt by being blown through windows.

The wind after reaching a velocity of one hundred miles an hour died out to fourteen miles an hour and then ten minutes later it blew at the rate of ninety-eight miles an hour from another direction. The weather bureau on the top of an office building was destroyed soon afterwards.

LET MOBILE OFF LIGHT

Mobile, Ala., Oct. 19.—Mobile was battered for about two hours yesterday morning by a hurricane and when the storm cleared it was found that less than ten thousand dollars damage had been done in the city proper.

There was one fatality. A negro woman was killed by a live wire.

The wind reached a velocity of one hundred and eight miles here. Inland at Opp, Ala., a factory was destroyed, and several buildings were unroofed. At Troy, Ala., several buildings were damaged.
